SuperGreen Solutions

Energy Efficient Products

Why SuperGreen Solutions?

We are a premium One Stop Shop for all your energy efficient needs. Our goal is to provide you with the right advice and products to reduce your power bill and your impact on the environment. We offer the total solution for Energy Efficient Products.

We Specialize In:

Consultation and Advice

The SuperGreen Solutions team is trained to deliver the best advice and supply the latest products.

Competitive Pricing

Our size allows for mass purchasing power which results in better pricing for you.

Easy Finance Options

Savings created by our energy efficient products can be re-directed to pay for the product over time.

Green Ethics

Our goal is to demonstrate that GREEN practices do not need to translate into higher costs, but rather increased savings for the purchaser and the occupants of the building for many years to come.

State of the Art Showroom

We visually display and demonstrate the features, benefits and long term savings delivered through green products.

Extensive Range of Quality Products

"Judge us by the company that we keep." Our product range has been selected based on quality, reputation and proven performance.

Energy Efficient Products.

For You.
For Our Planet.
For Their Future.
